Do we sell goods? Oh yes; do you have to have some scheme to attract customers? O no—just have the class of goods that speak for themselves—that's all. Our years of experience have fitted us with the knowledge of what our people need and as we buy direct from the east and have no middle men to pay, why of course our prices are right, certainly. Come and satisfy yourself. We can furnish your lady with wearing apparel from head gear down to hosiery complete and then complete the sale with your choice of a medium or high grade piano, all standard makes. Remember the Cass Piano House at Mrs. Rehkopf's Millinery store.

Word was received from Joe McFadden, who is in Nome, Alaska, dated Feb. 16th and he says the snow is four feet deep there and that the thermometer registers 40 degrees below zero. The drifting mines have started up again after being idle about a month on account of a strike that they had there. Guess Oregon is the best place to live after all as we don't have much snow here and no 40 degrees below, and strikes—we do not have them at all.

The Applegate Valley Telephone Company held a stock holders meeting at Provolt Tuesday and quite a number of new stock holders came into the company so we understand.
